

Dear Members,

This is with reference to issues related to implementation of the India-UAE Comprehensive Economic Partnership Agreement (CEPA). There has been issues of differences in the HS Codes at 8-digit level leading to non-applicability of the preferential duty rates. This is largely on account of the difference in product classification in the Tariff Books of the respective countries at the HS-8 level.

Members may kindly use appropriate matching HS-8 Code from the UAE schedule of tariff commitments for availing applicable tariff concessions under CEPA. The Tariff Commitments of both India and UAE under CEPA in easily accessible excel spreadsheet format for reference and comparison purposes can be accessed by following links.

This information has been received from Ministry of Commerce & Industry, Government of India and the products under the mandate of the Council has been highlighted in yellow.
