It is lately observed that there is tremendous vibrancy in the export initiatives and proactive approach across the government agencies and departments concerning exports.

The Council has been participating in programs organized by Indian Embassy to understand the MRL's and providing inputs to establish confidence amongst importers on consignments exported from India

The Director General of Foreign Trade had organized a virtual meeting of all Export Promotion Councils on 19th July, 2021.

On behalf of the members of the Council, domestic challenges such as additional declaration required in phytosanitary certificate by certain countries was discussed. The need to increase the validity of unit registration for exports of groundnuts to Vietnam to 3 years amongst others was highlighted during the meeting.

The international challenges faced by the Indian exporters such as efforts to be undertaken to establish Pest Risk Analysis (PRA) for all agriculture products with the importing countries, to increasing the Quota of Peanut Butter being imported into USA from India.

Korea levies duty of 630% or 6,660 won / kg, whichever is greater on import of Sesame seed (HS Code 1207400000) under public tender system and under private quota amongst others were also highlighted.

The Council has been in the past trying to initiate interaction with the scientific fraternity and considering the need of the hour the Council organized a virtual meeting on 22nd July, 2021 with the Directorate of Groundnut Research (DGR), Junagadh, Gujarat and have initiated the discussion to understand the varietal seeds available for commercial production and explaining the need for cultivation of export quality Groundnut.

The Council also initiated organizing a virtual meeting with the ICAR-Indian Institute of Oilseeds Research on 27th July, 2021 to discuss on cultivation of export quality Sesame Seeds. Scientists presented the variety of seeds available of production and the exports presented about the quality expectation from the importing countries.

The Council is also exploring the possibility of conducting a Kharif Crop Survey 2021 and conducting Annual Trade Meet 2021 considering the Covid-19 protocols prevalent during that period.

The Council has integrated issuance of Certificate of Origin (CoO) on the DGFT portal. Members may use this facility which has been painstakingly developed for ease of doing business and to facilitate the exporters.

As you are aware the Government has set an export target of USD 400 Billion during the year 2021-2022. I once again appeal to our exporter members to strive for the same. Exporters may introspect the existing capability and draw an action plan to target geographic location wise market and try to increase export of existing and value added products. The Council welcomes your views, challenges faced if any and suggestions on the same can be reviewed and recommended to the concerned Ministry, Government of India for consideration. We assure you all possible support and co-operation to achieve the common goal of enhancing the export of Oilseeds and Oils from India. I wish to reiterate the slogan voiced by our Hon'ble Prime Minister of India ***"Sab Ka Sath Sab Ka Vikas".***

With Best Wishes and Regards,

Khushwant Jain
(Chairman)

NEWS

Central Government is working with new technology to make farmers self-reliant, says Shri Tomar.

Union Agriculture and Farmers Welfare Minister Shri Narendra Singh Tomar inaugurated the office of National Farmers Welfare Program Implementation Committee. Speaking on the occasion, Shri Tomar said that the National Farmers Welfare Program Implementation Committee would act as a project monitoring unit for the implementation of PM-Kisan Yojana, Kisan Maandhan Yojana, Agriculture Infrastructure Fund and other schemes of the Department of Agriculture and Farmers Welfare.

Shri Tomar said that the Central Government has implemented the Pradhan Mantri Kisan Samman Nidhi (PM-Kisan) scheme to make farmers self-reliant and to provide direct income support for agricultural expenditure. Under this scheme, an amount of Rs 1.37 lakh crore has been transferred to the accounts of more than 11 crore farmer families so far. The Minister said that the Central Government along with the experts, IT companies of the country is working with new technology to make the farmers self-reliant. Various technological solutions are being developed through Aadhar integration with UIDAI, launch of mobile app and integration with CSCs, KCC, integration with land records database maintained by States/UTs.

Q1 farm exports up 44% at $4.8-billion.

Building on last year's robust growth, exports of agri-products under the portfolio of Agricultural and Processed Foods Export Development Authority (APEDA) registered a 44 per cent increase in the first quarter of current financial year on higher overseas demand. This is notwithstanding challenges such as the supply chain issues triggered by the Covid second wave induced lockdown during April and May across the country and higher freight rates.

According to quick estimates, exports of farm products monitored by the APEDA touched $4.817 billion during April-June 2021 compared with $3.338 billion in the same period a year ago.

India breaks into the top 10 list of agri produce exporters.

India broke into the top 10 list of agricultural produce exporters in 2019 with a sizeable share in the export of rice, cotton, soya beans and meat, according to a World Trade Organization (WTO) report on the trends in world agricultural trade in the past 25 years.

In 2019, Mexico and India, with 3.4% and 3.1% share in global agri exports, respectively, replaced Malaysia (7th) and New Zealand (9th) as the largest exporters, while the US, which topped the list in 1995 (22.2%), was overtaken by the European Union in 2019 (16.1%). The US's share fell to 13.8% in 2019. Brazil maintained its ranking as the third largest exporter, increasing its share from 4.8% in 1995 to 7.8% in 2019. China climbed from the sixth spot in 1995 (4%) to fourth in 2019 (5.4%).

Govt exempts importers from stock limit on pulses; increases it for wholesalers and millers.

The central government decided to increase the stock limit on pulses wholesalers and millers and exempt importers from the same. Responding to the decision, pulses prices increased by 1% to 2% in the spot markets across the country.

Considering the softening of the prices and feedback received from various stake holders, central government has relaxed stock limits for millers and wholesalers and exempted importers from the same. These entities shall however continue to declare stocks on the web portal of Department of Consumer Affairs. The stock limit shall be applicable only to tur, urad, gram and madurai,' a government release said.

Praveen Khandelwal, secretary, Confederation of All India Traders (CAIT), which had requested Union Consumer Affairs minister Piyush Goyal to withdraw the stock limit order said, 'This decision will give relief to lakhs of grain merchants across the country.'

Tomar urges farmers to take benefit of govt's agri-reforms; launches Kisan Sarathi app.

Agriculture Minister Narendra Singh Tomar urged farmers to take benefit of the government's farm reforms that are not only aimed at improving their lives, but also boosting the agriculture sector.

He also said the Modi government is continuously strengthening the foundation of the country's agriculture sector, which lagged due to the neglectful policies of the previous regime.
Tomar was addressing the Indian Council of Agricultural Research's (ICAR) 93rd Foundation Day and award ceremony virtually.

Commerce Ministry seeks stakeholders' suggestions for next foreign trade policy.
The commerce ministry sought suggestions from stakeholders, including industry and trade associations, for the formulation of the next foreign trade policy (FTP 2021-26). The FTP provides guidelines for enhancing exports to push economic growth and create jobs.
Directorate General of Foreign Trade (DGFT) in a trade notice said a Google form has been created to collate, analyse and process the suggestions/ inputs.

'In order to prepare a new five year Foreign Trade Policy, suggestions/inputs are invited from various stakeholders. To collate, analyse and for ease of processing the suggestions/inputs received, a Google Form has been created...,' it added.

India prizes millets for food security and exports to Africa.

India is gradually increasing its focus on millet farming as awareness and demand have grown significantly in the last couple of years.

Though the country is the world's largest millet producer, these humble short grains have received little attention until now. More importantly, millets are drought resistant and can be produced in dryland.

Amid rising concerns over food security have risen amid the Covid 19 pandemic, millets can play an important role in the food supply chain, an agriculture economist told India Narrative.

Agriculture infrastructure funds set to make mandis more efficient, modern.

It is no secret that India's biggest asset are those who work in the agriculture and allied sectors. Every sweat that beads down their brows rejuvenate India, revitalising the country with the energy to move forward. The recent cabinet decision that has pushed for revolutionary reforms in the agricultural infrastructure sector is aimed at delivering world class infrastructure at the farm gates and aggregation points (mandis).

On May 15, 2020, Rs 1 lakh crore agriculture infrastructure fund was proposed. It was passed in the cabinet on July 8, 2020 and was launched by Prime Minister Narendra Modi on August 9, 2020. The purpose of this fund was to give medium-long term debt financing facility for investment projects related to post harvest management through interest subvention and financial support to a bevy of beneficiaries.

Now, only 15 days for reinstating rejected applications under FoSCoS.

Food businesses will now get only 15 days to make a request for reinstating the rejected applications under Food Safety Compliance System (FoSCoS).

The revision in the timeline for making requests for reinstating the rejected application was to be reduced gradually and FSSAI decided that after July 1, 2021, only 15 days will be given to the food business to make such an application.

The FSSAI made provisions to make online requests for reinstating the rejected applications in FoSCoS for licences and registration in December last year.

PM Modi says farm sector needs post-harvest revolution; govt impetus on scientific ecosystem.

Prime Minister Narendra Modi said there is a need for a 'post-harvest revolution' in the farm sector, which has been witnessing an increase in production.

Modi said the hardworking farmers have made record production of commodities despite the unprecedented challenges of the COVID-19 pandemic.

'With the ever increasing agricultural production, there is a need of post-harvest revolution and value addition,' Modi said in a message to commemorate the National Bank for Agriculture and Rural Development's foundation day, which was read out at an event hosted by the state-run lender.

Bangladesh boom fuels Indian exports.

Bangladesh jumped four notches to become India's fifth-largest export destination in the year ended 31 March as exports to many of the nation's traditional markets shrank because of the pandemic while its eastern neighbour continued to report economic growth.

Exports to Bangladesh grew 11% in the previous fiscal year even as India's overall exports contracted 7% because of the pandemic, according to government data.

Bangladesh has experienced an unprecedented economic transformation over the past decade and is set to surpass India in terms of per capita income.

Govt working on detailed strategy to achieve export target of $400 billion.

The Centre is working on a detailed strategy to achieve the ambitious goods export target of $400 billion set for the current fiscal and is looking at region-wise and product-specific breakups, so that focussed initiatives and decisions for accelerating growth could be taken, according to officials close to the development.

'The Commerce Minister has asked officials of various regional divisions to objectively assess the growth potential in different countries keeping the overall target in mind. Subsequently, items, too, will be identified and sub-targets set,' the official told BusinessLine. 'The idea is to zero in on areas where there is maximum potential for growth and work towards it,' he added.

Ministry of Food Processing Industries launches scheme to help small enterprises.

The Ministry of Food Processing Industries (MoFPI) has decided to support 12,778 units with a budget allocation of Rs 638.92 crore for a period of five years. This will be done under the Pradhan Mantri Formalisation of Micro Food Enterprises (PMFME) Scheme.

A meeting to review the scheme was held where Rameswar Teli, Union Minister of State, Food Processing Industries and Chandra Mohan Patowary, Minister of Industries and Commerce were present.

MoFPI has launched the centrally sponsored the PMFME scheme for providing financial, technical and business support for upgradation of existing micro food processing enterprises. As

a part of Aatmanirbhar Bharat Abhiyan, PMFME scheme will assist two lakh micro food processing units spread across the country for five years, with an outlay of Rs 10,000 crore. In Assam, the ministry has targeted to support 12,778 units with a budget allocation of Rs 638.92 crore.

Govt asks industry to bring transparency in certification of truthful labelled seeds.

The Centre asked the seed industry to bring in transparency in certification of truthful labelled seeds even as it assured that it would try to address all their concerns. Addressing a virtual event organised by Assocham, Union Minister of State for Agriculture Parshottam Rupala said, 'Providing better seeds is a priority as it is the basic need to improve productivity, then come technology and other aspects.'

There is a need to ensure that farmers get timely, affordable as well as quality seeds, and there can be no compromise in this regard, he said.

The minister said farmers should not suffer due to issues arising between the government and industry. He, however, added that the government needs to see that the industry's concerns -- be it smaller companies facing problems certification of truthful labelled seeds or other challenges -- do not impact farmers in any way.
