

Dear Sir,

It gives us immense pleasure to inform you that this year the Council is organizing its 4th IOPEPC Global Oilseeds Conference (IGOC) during 04th - 06th November, 2022 in Dubai.

The 1st IGOC was organized in Dubai in the year 2019 which was an absolute success with more than 400 participants gracing the event with lot of productive information being exchanged amongst the participants. Due to Covid-19 pandemic, the 2nd and 3rd IGOC had to be conducted in virtual mode and hybrid mode respectively. In the backdrop of easing in Covid-19 situation, it is after a gap of 2 years that IOPEPC is again organizing its 4th IGOC at Hotel Hyatt Regency, Dubai in physical mode.

Distinguished global speakers from supplying and consuming countries of oilseeds would make their informative presentations and share their expert views with the esteemed participants. IGOC would also cover interactive sessions on various aspects related to oilseeds and oil products with focus on sesame seeds and groundnuts thereby apprising the participants with the latest developments in this sector.

The Council will be commissioning crop survey of Indian Groundnut and Sesame Seed and the crop estimates along with health of the crop would be presented during IGOC 2022.

We are expecting over 300 delegates from all over the world including India having interest in various facets of oilseeds and oils to meet at this 4th IGOC 2022.

The international trade of oilseeds and oils sector has been facing various challenges in the post covid era with exorbitant logistics cost, stringent food safety requirements, etc. and thus IGOC would be a perfect platform to raise and discuss all the current affairs additional to prime focus which is exchange of market information and business networking.

It would be a wonderful opportunity for participants to interact with Oilseeds and oils stakeholders from all over the world under one roof and develop business relationships.
