

Dear Members,

The Department of Commerce, Ministry of Commerce & Industries, has issued a report and has requested the Council to inform all members.

It has been the Department's constant endeavor to promote trade by creating an opportune environment and rigorous efforts for domestic capacity enhancement for deepening integration in the Global Value Chains are being made by working in close partnership with the industry.

Atmanirbhar Bharat Abhiyaan is the vision of new India envisaged by the Hon'ble Prime Minister. Exploring import items for domestic production opportunities is an important initiative towards this vision and the Department has analyzed import data to identify import items which are consistently being imported, growing consistently and with significant share in value of imports at 8-HS digit level with a view to enhance domestic production capacity. Items showing both high growth and/or high share i.e. a total of 102 items with share of 57.66% in total import basket (Mar-Aug 2021) have been identified. The report is enclosed [Click Here](#)

With Best Wishes and Regards

Suresh Ramrakhiani

(Chief Executive Officer)
