(For example, there are two sub categories under edible oil and oilseeds, i.e. oilseeds and edible vegetable oil, the price USD 6000-7000 will be charged for all products under one sub-category. If the enterprises have multiple manufacturing addresses, each manufacturing address would be charged separately.

ii. For products outside 19 categories :

3000-3500 USD for a sub-category under a general category.

As informed by our Mission, it may be noted that **these agencies are neither empanelled nor recommended by the Embassy** in any way and this list has only been compiled for information.

Enterprises inclined to avail services of these agencies may like to **check all information regarding the agency and personally negotiate on the prices quoted by them.**
